OFFERING  
QUICK  
TURNAROUND

We provide a full in house garment personalisation service using industry leading methods and techniques. Different garments/requirements will mean a certain decoration method will be the best way for us to add your logo to your order and should we feel that the choice you have chosen via the site won't give the desired effect, one of our team will be in contact to discuss the various other methods of applying your logo.

To add your logo to your order, simply select your logo position when picking your garments and upload your logo! Easy!

We offer a range of application processes to give your garments and logo the best possible finish with your order.

# OUR PROCESSES

## EMBROIDERY

We have one of the largest embroidery facilities in the country, allowing us to produce thousands of items per week. Our prices start from as little as £1.00 per embroidery on large volume orders\*

## SCREEN PRINTING

In house we have an automatic 6 head screen printing carousel. This machine allows us to print in large volume at high speed. With this machine we can produce 1,000's of prints each day.

## TRANSFER

Transfer printing is the process of creating vinyl transfers that are then heat pressed onto garments. With our in house machinery we can create single and multi-coloured transfers in house to press to your uniform.
