FOR ALL YOUR HEALTH & SAFETY AND CDM ADVISOR NEEDS

If you need Health and Safety expertise then we can help. Between our team members we have over 100 years experience of helping small medium and large businesses understand and implement good Health & Safety and CDM processes.

In the construction industry, the Construction (Design and Management) Regulations 2015 provide the back bone to managing safety. We offer strategic advice, CDM Advisor services and site inspection plus Health and Safety file compilation.

QUALIFICATIONS:

Our team are highly qualified with various health and safety qualifications, including:

- MSC Health and Safety Environmental Management
- NEBOSH Diploma
- NEBOSH Construction Certificate
- NEBOSH General

These qualifications ensure we have the skills, knowledge and experience to carry out Health and Safety Advisor roles, CDM Advisor services and also provide specialist Training Courses including: asbestos, confined spaces, work at height, COSHH, fire warden and risk assessment training.
