KEEPING WATER AT ITS BEST

IF YOU ARE LOOKING FOR A COMPANY TO SUPPORT YOU WITH YOUR WATER SERVICES, THEN LOOK NO FURTHER - WSM ASSOCIATES WILL GIVE YOU 100% COMMITMENT WITH QUALITY AS STANDARD.

WSM Associates

KEEPING WATER AT ITS BEST

WSM Associates was formed in 2002 by two people who had worked in the water industry with over 30 years combined experience, specialising in leakage strategy & management, water regulations (Bylaws), water network modelling and distribution management.

Over the last twelve years WSM Associates has grown and developed to provide a wide range of services within the water industry, from commissioning new water mains to cleaning and disinfection of large cold water storage tanks and legionella management.

Our aim is to provide a high quality service, backed up with real operational knowledge and expertise for our clients who include:

- **Water companies**
- **Hospitals**
- **Schools**
- **Care homes**
- **Developers (including self-lay)**
- **Cruise ship operators and Ports**

We specialize in providing pipeline commissioning services, which includes:

- **Swabbing**
- **Pressure testing to current Water UK standards**
- **Disinfection using our own designed and built specialist mobile chemical dosing equipment**
- **Water quality sampling and external UKAS laboratory analysis to provide compliance certification**

Our professional services have been employed on pipelines from 1500mm diameter down to 63mm diameter and in length from 20 metres up to 18 kilometres. Each job is fully certificated and auditable using digital data loggers for flows and pressures.

WSM also undertakes Water Regulations, water efficiency and leakage surveys. Testing and certification of RPZ valves in accordance with the Water Supply (Water Fittings) Regulations.

Our full range of legionella management services for clients covers initial risk assessment, remedial works and all routine monitoring activities.

WSM designs and constructs mobile chemical dosing equipment and a range of 'Rapid Fill' units for quay side filling of ships water tanks with 'potable' mains water, which complies with the current Water Regulations.

We are a small but enthusiastic company, always looking for a new challenge and opportunity within the water environment sector.

WSM ASSOCIATES PROVIDE A FULL RANGE OF SERVICES FOR BOTH ABOVE AND BELOW GROUND WATER PIPES. OUR SERVICES COMPLY WITH LOCAL WATER COMPANY REQUIREMENTS, THE WATER SUPPLY (WATER FITTINGS) REGULATIONS 1999 AND BS6700; WE ARE ALSO WIAPS APPROVED (WATER INDUSTRY APPROVED PLUMBERS SCHEME).
